

ARDUINI LEGNAMI S.p.A.

Since 1957, quality logs and lumber specialist

Who we are

Since **1957**, *Arduini Legnami SpA* is a trading leader company in **West African, North American and European quality lumber**.

At our facility, based in **Northern Italy**, we saw the logs into rough timber of various thicknesses and widths, we take care of drying and steaming, everything according to the customer's specifications.

We stock logs and lumber in our 30,000 square meters warehouse and yard and we ship them all over the world.

Our Wood Products

We are specialized in tailor made wood processing, especially for logs (sawn logs and veneer logs) and sawn wood.

Sawn wood products:

- *Flitches*
- *Sawn edge lumber*
- *Scantlings for windows solid and laminated*
- *Beams*
- *Edged poles*
- *Sliced wood for lamellas*
- *Solid panels*
- *Decking*

Wood species

Logs and lumber are always available in our yard and ready to be sawn in our sawmill according to customer's specifications:

West African species

- *Sipo*
- *Khaya*
- *Sapelli*
- *Iroko*

Other African species such as *Ayous*, *Ebiara* and *Beli* can be offered at customer's request.

American species

- *Walnut*
- *Sassafras*
- *Poplar*
- *Oak*

Other American species such as *Cottonwood* and *Willow* can be offered at customer's request.

European species

- *Larch*
- *Ash*
- *Oak*
- *Pear*

Other European species such as *Chestnut*, *Beech*, *Whitewood* and *Redwood* can be offered at customer's request.

Services

We take care and responsibility for our wood, from the inspection in the origin countries, to the logistic and the trimming of wood, until the delivery to our customer's yards worldwide.

We take care of:

- *Inspection and buying*
- *Logistics*
- *Warehouse*
- *Wood processing*
- *Wood treatment*

Certifications

We are **FSC** and **PEFC** certified (like most of our products) and we work in full compliance with the “*European Timber Regulation*”.
